

SUSTAINABLE OKC

"GLOBAL SOLUTIONS, LOCAL IMPACT"

Sustainable OKC and OCU Center for Ethics Host Smart Growth Series

THURSDAY, FEB. 22nd, 2007

Doors open at 5:30

Presentation at 6:00 p.m.

*held at Oklahoma City University's
Watson Lounge on the lower level of
the Angie Smith Chapel.

The presentation will explore environmental architecture from around the globe as well as local examples. Lessons learned from Berlin and Curitiba, Brazil provide principles that we can apply in Oklahoma. These lessons show we can go beyond current standards like LEED. Topics explored will range from 'green roofs' to Biomimicry. The event is free and open to the public. Visit www.sustainableokc.org for more information.

Presented by:
Jay Yowell, AIA, LEED AP
jy architecture
Instructor, University of Oklahoma
