**Purpose:** The objective of the Residential Energy Efficiency Loan Program (REELP) is to reduce energy usage and fossil fuel emissions in our communities by improving energy efficiency in our homes. This will aid the City of Oklahoma City in achieving the overall goal of becoming a leader in energy efficiency and sustainability.

**Loan Limits:** Maximum Home Energy Improvement Loan amount is \$10,000

**Loan Terms:** Loans have a 12-36 month repayment period

**Loan Rates:** 3% Fixed Interest Rate

- Eligibility:**
- Property must be a residential structure and the applicant homeowner’s PRIMARY residence
  - Property must be located within the corporate limits of the City of Oklahoma City
  - Applicant’s household income cannot exceed \$100,000
  - \* *Renters and landlords are NOT eligible to apply*
  - \* *Those residents who have received weatherization assistance from CAA or through any federally-funded weatherization program are NOT eligible to apply.*

**Eligible Uses:** CAA must approve the contractors and the requested work prior to commencement of a project. Loan funds are not issued directly to the home owner; CAA will issue payment to vendors as work is complete and approved. Work may include cleaning, tuning, repair, or replacement of certain appliances, fixtures and other items, depending on the results of an energy audit and program assessment.
