

We Want Clean Energy!

Join us on **Tuesday, February 28th** to support the work we're doing to create a clean energy economy in Oklahoma! We will be making calls to fellow Sierra Club members and supporters with the goal of raising awareness for the Beyond Coal campaign and asking folks to take action, as well as reminding them of our Keystone XL Victory Party on the 29th.

Refreshments will be provided. Please RSVP by email or phone AND Join our "Volunteer Nights Facebook Group" for updates by visiting Oklahoma Sierra Club's fan page.
